

# AUTO KARL FISCHER MODEL NO - ALE-905

# AUTO KARL FISCHER MODEL NO –ALE-905

We are the leading Manufacturer, Supplier & Exporter of Karl Fischer Moisture Titrators. KarlFischer Moisture Titrators manufactured by the company is the finest quality volumetric titrator available. Auto Karl Fischer Titrimeter is an automatic apparatus designed to carry out Karl Fischer Titrations for accurate determination of moisture content in various samples & having control and stirring with array of 10 LED's Buzzer, Auto zero burette, Adjustable timer & Dual Platinum electrode.

## Accessories

- Burette (Clear Glass) 10 ml.
- Reservoir Bottle 500 ml.
- Rubber Bellow for Pumping Air
- Titration Vessel 200 ml
- Dual Platinum Electrode
- Teflon Coated Magnetic Stirring Capsule
- Nozzle
- Moisture Trap with Rubber Tubing
- Solenoid Valve
- Instruction Manual

## Features

- Inbuilt magnetic stirrer with variable speed
- Array of 10 LEDs in line Display
- Run add End Display in Auto Mode Indication
- Dual Platinum Measuring Electrode
- Automatic Sensitive Control Valve for KF Reagent

|                     |                                                           |
|---------------------|-----------------------------------------------------------|
| MODEL NO.           | ALE - 905                                                 |
| Display             | Array of 10 LEDs in line                                  |
| Sample Size         | 1-50mg of water                                           |
| Resolution          | 0.05ml                                                    |
| Indication          | Run add End Display in Auto Mode                          |
| Detection           | Current sensing by electronic control                     |
| K.F. Flow           | Automatic Sensitive Control Valve for KF Reagent          |
| Measuring Electrode | Dual Platinum Electrode                                   |
| Titration Cell      | Air tight 200ml glass vessel                              |
| End Point Delay     | 30 second                                                 |
| Buzzer              | Yes                                                       |
| Timer               | Adjustable Timer                                          |
| Stirrer             | Variable speed magnetic stirrer with On/Off control       |
| Burette             | Pressure filling auto zero burette with 0.05ml resolution |
| Power               | 230V $\pm$ 10% AC 50Hz                                    |
| Size                | 288 x 315 x 180 mm                                        |
| Weight              | 5 kg. (Approx.)                                           |
